A towering success

Pakistan's first mega structure

The Bahria Town Icon, pioneer of modern high-rise buildings in Pakistan, will change the way we build, what we build and how we interact with what we construct. A history in its making, the Icon will dictate its term to the future. It has a 62 storey tower for serviced corporate offices and another 41 storey tower for 5 star international hotel with serviced apartments.

Pakistan's Tallest Building 62 Storey
Approx. Approx.
Completion Time: End of 2014

It is not just the tallest building of Pakistan but will also have the most advanced infrastructure and amenities that the 21st century has to offer.
